PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, JUNE 6, 1919

INTERESTING OIL NOTES

Mr. T. J. Day has arrived from Selma, Alabama, to take charge of field operations for the Greater Kentucky Petroleum Co., of Paris.

In the Evelyn Ross Creek section of Estill county the Bourbon Oil & Development Company has brought in a small stripper in its No. 2, located on the Wm. Raider farm.

The Parboken Oil Company is progressing nicely with its field work. Work on two wells is being pushed on the Kinkead lease. Indications are that they will be number one producers. Parboken stock advanced last week from 50 cents to \$1.00.

E. T. Hinton and Guy D. French have purchased a one-sixteenth royalty on the William Cherry tract of 38 acres adjoining the Angle McReynolds lease of the Great Lakes Oil Petroleum Company, in Allen county, for the reported price of \$2,500. Milwaukee parties have just drilled in No. 4 on this tract, which is credited with 60 barrels.

The Associated Royalties Company, capitalized at \$500,000, has been organized at Paris. This company owns a number of valuable royalties in Allen county, which it proposes to develop at once. The following have been elected officers of the new corporation: President, E. T. Hinton, Paris; first vice president, Milburn P. Kelley, Louisville; second vice president, Guy D. French, Winchester; secretary, O. T. Hinton, Paris; treasurer, Dr. J. M. Williams, Paris.

At the election of officers for the Greater Kentucky Petroleum Company held recently, the following were selected: President, Frank P. White; vice-president and field manager, T. J. Day; secretary, John M. Stuart; treasurer, George L. Doyle; chief counsel, Oscar T. Hinton. The Board of Directors is composed of the above officials, with the addition of Mr. George W. Stuart.

REAL ESTATE TRANSACTIONS

Stokely & Jackson, of Winchester, agents for Mrs. Rachel Duvall, sold a house and lot on Lexington avenue, in that city opposite the cemetery, to Mr. W. S. Patton, of Bourbon county, for \$2,200. Mr. Patton gets immediate possession, but Mr. Becraft will continue to occupy the place for a while.

Get a pamphlet and see what you can save by using a Chambers Fireless Gas Range. Let us show you this stove—it's a wonder. (30-8t) JOHN MERRINGER.

DIFFICULTY AT CIRCUS

Willard Calbert, white, of Escandale, and an unknown negro became involved in an argument Tuesday night on the grounds where Gentry Bros' Circus was exhibiting. Calbert was badly cut about the face and arms with a razor in the hands of the negro. The injured man was taken to the office of Dr. C. G. Daugherty, and, later, due to his serious condition from loss of blood, was removed to the Massie Memorial Hospital, where he was given medical attention. The negro, who did the cutting, escaped.

Reports were current on the streets after the night performance that two negroes had had a difficulty, resulting in one of them being shot through the mouth, but investigation could not verify it.

ALL READY TO SUPPLY YOU: FIELD, POULTRY AND RABBIT FENCE

We have received a large shipment of American Field poultry and rabbit fence. Why not get the best? It is the cheapest. (27-4t) LOWRY & MAY.

COUNCIL CONSIDERS STREETS

A special meeting of the Paris City Council was held in the office of Mayor E. B. January, in the First National Bank building Tuesday night for the purpose of considering the matter of material to be used for the construction of permanent streets for the city of Paris. Councilman Veatch, Arkle, Kiser, Spears and Christman, and Street Superintendent Ben Steagall were present.

The following representatives of various companies whose materials are used in the construction of streets were present and submitted claims for their products: Wallace Muir, J. M. Pope and G. W. McLeod, of the Bluegrass Traction & Terminal Co., and R. W. Davis, of the Kentucky Rock Asphalt Company. Action in the matter was deferred until another meeting.

CORP. JOE MITCHELL BRINGS BRIDE BACK WITH HIM

To be mustered out of the service after a long and faithful attention to the duties imposed upon him by Uncle Sam, and at the same time to bring back with him the bride whom he married two years ago, is the double good fortune that has befallen Corp. Jos. G. Mitchell, now of Paris, and lately of the U. S. Army. And in the telling it can be shown that a man can really keep a secret.

When young Mitchell was in active training at Camp Zachary Taylor, where he was sent after responding gallantly to the call to the colors, he met Miss Mary Mehan, who was at that time one of the valued members of the stenographers' force in the offices of the Louisville & Nashville railroad in Louisville. It was a case of fascination at first sight, and the acquaintance thus formed developed rapidly into love. When the call came for his detachment to make ready for the overseas trip Private Mitchell and Miss Mehan decided to link their lives and fates together, and accordingly they were united in marriage in Louisville in April, 1918. Private Mitchell sent a message to his father, Mr. Newton Mitchell, in this city, telling of the step he had taken and asking that the news of the marriage be kept a secret. He proceeded on his overseas journey, while the new bride returned to her desk, where she remained steadily at work until the message came from her husband telling of his safe arrival in New York. She went to the port of embarkation and met him, returning with him to Louisville, where he was mustered out a few days ago. Mr. and Mrs. Mitchell came to Paris Wednesday and were tendered a reception and family dinner at the home of his parents, on Duncan avenue.

Before he was called to the colors Mr. Mitchell was employed in the transportation department of the Louisville & Nashville at this point. His old position had been held open for him, and he will resume it again.

BIG CROWD WITNESSES OPENING AT LATONIA.

One of the biggest crowds that has been in or near a race track for many years was present Wednesday at the opening of the twenty-seventh annual spring meeting of the Latonia track. The crowd filled the grandstand and overflowed to wherever it could see anything going on. The grounds have been wonderfully beautified under the able administration of Messrs. Matt Winn and John Hachmeister and presented a sight good to see. But the big crowd was more interested in the races than in the beauty of any landscape gardening effect, and with money in hand, flocked to the pari-mutuels to wager on their favorites.

Surprises ruled the day in nearly all the races. But the biggest surprise of the day came in the winning of the Inaugural Handicap by Free-cutter, who romped away with the prize, with The Porter second, and Rancher third. The winners were: Harry Burgoyne; Mickey Moore; Wilson the Great; Basil C.; Freecutter; Ormond; Hocur.

Paris and Bourbon county was well represented by a large attendance of lovers of the sport. A large crowd will go to-morrow to witness the running of the Latonia Derby.

PROF. HENDRICKS RESIGNS PRESIDENCY OF HAMILTON

Prof. T. A. Hendricks, president of Hamilton College, at Lexington, who will retire from that office with the close of the present school year, has accepted a position as principal of the Clark County High School, at Winchester, to succeed Professor J. L. Bosley, resigned.

Prof. Hendricks has been at Hamilton College a year, and before coming to Lexington, was superintendent of the public schools at Paris. His successor has not yet been selected.

STATE LIBRARY BODY WILL MEET JUNE 19.

The Kentucky Library Commission will meet in Frankfort, June 19, to select an assistant secretary to succeed Miss Harriet Boswell, who resigned in order to become librarian of the library at Paducah. Miss Boswell is a native of Paducah and while regretting to give up her work with the commission, felt that she could not turn down the offer to take charge of the library in her native city. Miss Fannie Rawson, secretary, will make her annual report to the commission.

Members of the commission are: Henry Burnett and Dr. E. L. Powell, Louisville; Mrs. Nat Sewell, London; A. H. Hill, Frankfort, and Mrs. Mary A. Bain, Shelbyville.

LITIGATION ON LARGE SCALE. PARIS ATTORNEY IN HARKNESS SUIT.

A suit to recover about \$2,000.00 of taxes from the L. V. Harkness estate was filed yesterday in the Fayette County Court.

Shortly after the death of L. V. Harkness, the owner of Walnut Hall Stock Farm, a suit was filed in the Fayette County Court, brought by Sheriff Bradley, of Lexington, to recover back taxes for five years. About the same time a suit was also filed by Back Tax Collector Byars for the same purpose and there was a controversy between the Sheriff and Byars, which suit should be prosecuted. The suit brought by the Sheriff was compromised for about \$250.000.00 by an agreed judgment taxing the estate to that amount. Byars' suit to recover the full amount of taxes was dismissed on the ground that the Sheriff's agreed judgment was a bar to Byars' suit.

Now, Revenue Agent Coyne, through his attorneys, Robt. E. Franklin, of Frankfort, and Robt. C. Talbott, of Paris, has brought suit to set aside the agreed judgment and to recover about \$2,000.00 of taxes.

The petition states that Harkness had personal property of the value of \$80,000.00 to \$150,000.00 a year for the past five years of his life and the purpose of the suit is to set aside the agreed judgment and to require the estate to pay the real amount of taxes aggregating \$2,000.000. The suit is receiving extensive notice in the press of the State, including not only news items on the subject, but editorials also, and the outcome will be watched with great interest.

SUPREME COURT KNOCKS OUT TELEPHONE SUITS.

Information was received here by managers of the two telephone companies, the Cumberland and the Home, of the decision of the United States Supreme Court upholding Postmaster General Burleson in his right to increase telephone rates.

This decision will have the effect of a knock-out blow on the injunction suits filed here Saturday by representatives of Bourbon county, restraining the two telephone companies from increasing their rates.

COUNTY SCHOOL SUES FOR LARGER SCHOOL LEVY.

A suit was filed in the office of Circuit Clerk Wm. H. Webb, Wednesday by attorneys representing the Bourbon County Board of Education against the Bourbon Fiscal Court, asking for an additional levy of ten cents on every \$100 worth of assessable property in the county for school purposes.

The petition states that on March 3 the plaintiffs made an estimate of the educational needs of the county, which aggregated an expenditure of \$54,000 and requested the Fiscal Court to grant an assessment of twenty cents. The Fiscal Court declined to grant the request and made a levy of ten cents.

The Board alleges that the levy of ten cents is wholly inadequate for the ensuing year, and that it will be impossible to conduct the county schools in the manner in which they should be conducted unless the additional levy is ordered.

The petition charges that the present rate of taxation is entirely insufficient to meet the demands of the public schools and that more money must be raised. It asserts that teachers have to pay almost double for board, that in many instances it takes more than half their salary to meet board expenses, that teachers have to walk or ride from three to seven miles to and from their schools, that teacherages and school buildings will have to be built and other improvements made to meet the demands of the times.

GETTING READY TO GATHER BLUEGRASS CROP.

One of the annual events on most of the Bourbon county farms is the gathering of the bluegrass seed crop, which requires a large number of horses, machines and men for its completion.

Extensive preparations are being made this year for gathering and handling the bluegrass seed crop, which is said to be the heaviest for many years, and of a very superior quality. The heavy crop is said by those who claim to be in the know, to be due to the heavy moisture which gave the grass an added growth and produced stalks of unusual height, when handed out. It is claimed to be one of the most succulent grasses in the world for stock, and for lawns has no equal.

Every year the bluegrass industry brings thousands of dollars to Bourbon county farmers. The cleaned product is sent to many foreign countries, and before the war Germany obtained the bulk of the crop. Magazine and feature writers have featured it in their publications so often, accompanied by illustrations, that there is very little left for the country paper space writer to enlarge on regarding the bluegrass crop. About all that is left him is a general summary of the total number of bushels produced, and their value, at the end of the season, which is generally a short one. Bourbon county is given the credit for being the largest bluegrass producing county in Kentucky, and perhaps in the world.

The harvest will begin about next Monday. Farmers are of the opinion that they will be able to secure ample labor. They are paying the same prices as obtained last year, \$3 per day for drivers and \$5 per day for rakers. The opening price for the seed has not yet been fixed.

Machines will be operated by the following farmers and seed merchants: C. S. Brent & Bro., eighteen; W. A. Thompson, forty; James M. Caldwell, twenty-six; Soper & Clark, fifty. Several others will operate from five to ten machines each, and still others a lesser number.

Postmaster J. Walter Payne, of Paris, acting for the United States Department of Labor, Wednesday notified the Lexington Board of Commerce that work was to be had in Bourbon county for two hundred men in the bluegrass seed harvest.

BOURBON FISCAL COURT

The June term of the Bourbon Fiscal Court convened in the County Court room yesterday morning with County Judge George Batterson presiding, and the following Magistrates present: Fretwell, Thomason, Burris, Talbott, Stephenson, Wiggins, Shropshire and Turner.

Claims amounting to several hundred dollars against the county were allowed and ordered paid. County Road Engineer Bedford read his report for the month of May, which was received and filed.

County Treasurer S. E. Bedford was ordered to borrow the sum of \$4,000 from the Hamilton Fund for the use of the Turnpike Fund, and to execute his note for same, payable January 1, 1920, bearing interest at the rate of six per cent. from date until paid. He was further ordered to borrow the sum of \$8,000 from the Garth Fund for the use of the Turnpike Fund, and to execute his note for same, payable January 1, 1920, bearing interest at the rate of six per cent. from date until paid. He was also ordered to borrow the sum of \$8,000 for the use of the General Fund, and to execute his note for same, payable June 1, 1920, bearing interest at the rate of six per cent. from date until paid.

The County Road Engineer was instructed to make a survey of the Wyatt dirt road. It was ordered that the sum of \$8 per month be appropriated for the support of Sarah Dangerfield. The Court then adjourned to July term.

TEACHERS FOR COUNTY SCHOOLS TO BE ELECTED.

The election of teachers for the county schools of Bourbon county will be held to-morrow afternoon in the office of County Superintendent of Schools J. B. Caywood. The different subdivisions with the list of members and time at which each division will meet, is as follows:

Division No. 1.—At 1:00 p. m.—D. C. Lisle, J. M. Leach, Grant Galloway, Frank Current.
Division No. 2.—At 1:30 p. m.—T. B. Brannock, W. B. Kiser, R. R. Lail, W. T. Cook, A. H. Fritz.
Division No. 3.—At 2:00 p. m.—G. L. Moreland, H. S. Lake, H. W. Purdy, Ashby Leer, W. L. Cantrill.
Division No. 4.—At 2:30 p. m.—Reynolds Letton, Samuel Clay, Tilford Hinkle.
Division No. 5.—At 3:00 p. m.—Walter Waugh, W. S. Mitchell, W. R. Tuttle, J. R. Price.
Division No. 6.—At 3:30 p. m.—R. L. Stipp, J. F. Ingels, S. W. Spears, Geo. Link, Charles White.

IN THE SERVICE OF THEIR COUNTRY.

Several Paris and Bourbon county boys, according to a message from the War Department, are said to be on the big transport which recently sailed from France, and due to arrive in New York harbor about June 9. The boys have been held in an emergency camp near Brest, France, for sometime, waiting for transportation home.

Finnell Galloway, of Paris, who has been in the service for many months, finally attaining the rank of Lieutenant, arrived in Paris yesterday, a private citizen again. He received his final discharge papers at Camp Zachary Taylor, where he was mustered out Wednesday. Mr. Galloway will take a short vacation before plunging into the whirl of business life again.

PARIS BANKS IN THE VICTORY LOAN DRIVE.

According to a report recently submitted by Mr. W. L. Threlkeld, field agent for the fifty-six counties of the district during the recent Victory Loan campaign, three banks in Covington, three in Lexington, and three in Paris, appear in the list of the fourteen Kentucky banks purchasing the largest amount of certificates.

In this list of fourteen banks the Paris banks referred to are given with their subscriptions as follows: Bourbon-Agricultural Bank & Trust Co., Paris, \$347,000; Deposit and Peoples Bank of Paris, \$332,000; First National Bank of Paris, \$310,000. The Harris-Seller Banking Company, of Versailles, was third in percentage, and ties the First National Bank, of Paris, in taking \$310,000 in certificates.

RED CROSS BRINGS NEWS OF MISSING MEN.

Hundreds of men missing in action, 953 of them to be exact, have been found since the first of May through the efforts of the Red Cross Department of Military Relief in the three army camps in Ohio, Indiana and Kentucky.

Red Cross workers in the camps, say reports sent to Lake Division headquarters in Cleveland, Ohio, have questioned men of each organization that comes into the camp to be demobilized, as to what they know of their comrades still reported missing. The search has been successful beyond all expectations.

Often someone has seen a "missing man" go into action, go over the top, hit by shell, taken to some definite hospital. Whatever has become of these lost men American Red Cross camp service workers manage to find out all about it.

In Camp Sherman (O.) definite news of 464 men has been obtained. In Camp Taylor (Ky.) news of 486 and in Fort Benjamin Harrison (Ind.) news of 8. Each instance means that some family has been relieved of the suspense of agonized waiting for news through the work of the Red Cross men.

WE KNOW.

Let us make your gift suggestion. (30-tf) THE A. J. WINTERS CO.

SPEEDERS FINED.

In Police Court, Judge Ernest Martin assessed fines of \$7.50 each against A. J. Duncan, Shirley Daldell and Gariand Fisher, charged with violating the speed laws within the city limits of Paris.

The offenders were placed under arrest by Patrolman Robert Lusk, who was stationed at a point of vantage in East Paris. Two other speeders making about forty miles an hour, had their numbers taken, which were sent to Frankfort for purpose of ascertaining the identity of the occupants of the machines. These will also be proceeded against as soon as the proper papers are served on them. Cards have been placed in all autos giving warning to the owners or drivers that they would be fined in the future if their cars were not parked in the proper place.

There is nothing in the way of headwear that takes the place of a Straw Hat or Panama in hot weather.

We are showing all shapes and kinds in Panamas, Leghorns, Bankoks, Plain Sailor Straws, Rough Braids and Sennets.

A very stylish rough straw made with turned-up brim, one of the newest styles shown in town for the young fellow who wants something extremely different—self-conforming and very light weight.

Panamas

From

\$5.00 to \$12.00

Straw Hats

From

\$2.00 to \$5.00

Take off that hot felt hat and replace it with a cool, comfortable straw.

MITCHELL & BLAKEMORE

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED

People are often very much disappointed to find that their physician is away from home when they most need his services. Diseases like pain in the stomach are bowels, colic and diarrhoea require prompt treatment and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

(June-adv)

Nothing adds to the pleasures of a home, or makes life more worth living, than a well illuminated house.

Use Electricity For Lighting
It's the only satisfactory way.

Use Gas For Heating and Cooking
It's the only sensible plan.

Let Us Fix You Up For the Use of Both Electricity and Gas.

Paris Gas & Electric Co.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer, which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin," the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacturer of Monoaceticacidester of Salicylicacid. (adv-tf-F)

MILLION DOLLAR GROCERY BILL AT AMERICAN CAMP IN FRANCE.

The April grocery bill for the Pontanese camp near Brest, where American doughboys in transit from France to America await for a few days the transport that it to take them back home, was \$1,128,000.

In all 1,912,000 rations or 4,386,000 meals were served, the total weight being 9,560,000 pounds.

TO PREVENT BELCHING

Make a regular habit of eating slowly, masticate your food thoroughly, and you may have no further trouble. If you should, take one of Chamberlain's Tablets immediately after supper.

(June-adv)

There are millionaires and paupers, but the man who sleeps the soundest at night and eats breakfast with the most relish in the morning is the richest.

Over 2,000 years ago the ancient Gauls made good soap of beech ashes and the fat of goats.

KENTUCKY TRACTION AND TERMINAL COMPANY

IN THE SERVICE OF THEIR COUNTRY.

Mr. Ernest Flora, who was recently mustered out of the service at Camp Custer, Mich., was a guest recently of friends in Paris. He was en route to his former home in Carlisle.

Major Henry F. Rhodes, who was at the head of the selective service in Kentucky, said that as rapidly as possible discharges from the service will be sent to the members of the local draft boards, whose duties ceased several weeks ago.

A letter was received in Paris recently by friends from Lawrence James, who is now in France, stating that he expected to sail for America about May 18, and it is probable that he is now close to the last lap on the journey to New York harbor. James wrote in his letter of meeting Earl Curtis in France, and that he expressed the hope of starting on the homeward journey soon. Curtis had recently received another promotion, to the rank of Lieutenant in the service.

Returning transports from overseas have brought in a large number of members of the American Expeditionary Force, which has been doing duty in France for many months. Among those who have recently arrived and reported are two former Paris boys, Henry Tucker and Mike Atlas, the former arriving at New York, Saturday, and the latter arriving in Philadelphia, Sunday. Both will come to Paris for a visit as soon as they are mustered out, which they hope will be an event of the very near future.

Major John S. Sweeney, formerly of Paris, and Chicago, who has been in the service as a member of the Medical Corps of the U. S. Army, is a guest of his mother, Mrs. John S. Sweeney, on Higgins avenue. Major Sweeney before his induction into the army service, was one of the leading physicians of Chicago, being stationed at the Palmer House as house physician. He was for some time stationed at Ft. Sheridan, near Chicago.

Mr. Stanley Young, son of Mr. and Mrs. J. W. Young, of North Middletown, has returned home from Camp Zachary Taylor, where he was mustered out of the service recently. Mr. Young enlisted in the service in the summer of 1918, and after a short period of training was sent to France as a member of the American Expeditionary Force, but the signing of the armistice ended his chances of getting into the fighting. He returned to America on May 21, and proceeded to Camp Taylor, where he received his final discharge papers.

It is rumored that Earl Blake, with the American forces in Russia, has lost a foot in battle and will soon be sent home. His name appeared recently among the casualties in a Cincinnati paper, but the extent of his injury was not given. His sister, Miss Margaret Blake, has received numerous letters from him, written on hospital stationery, but he did not tell how badly he was wounded. She wired Washington and was informed that the reports from Russia were too meager for definite information. Young Blake is a nephew of Mr. John Blake, of Paris.

B-4 FIRE Insure with W.O. HINTON & SON, AGTS

FIRE DESTROYS HOME IN CLARK COUNTY.

The residence of Mrs. Susan Bowman, at Mooresville, on the Muddy Creek pike, in Clark county, was destroyed by fire of unknown origin. The house and practically all the furnishings were lost. The fire had gained considerable headway before it was discovered. The loss is placed at about \$2,000 and no insurance was carried.

STOUT WOMEN

Discuss Your Dress Requirements With

Frank L. Lippard
"Cincinnati's Conservative Clothes Specialist"

Or With One Of His Experts

You would no more think of going to a lawyer if you were sick than you would think of going to a medical doctor for legal advice. Each may be an expert in his particular calling, but their judgment on questions pertaining to subjects in which they are not specially trained, or familiar with, would naturally be very unreliable and probably disastrous. Isn't it just as logical, then, that when you come to deciding a question of proper wearing apparel that you consult one who has for years made a study of the clothes requirements of STOUT WOMEN and Women Hard-to-Fit?

F. L. L. Models
SUITS, COATS and DRESSES

Sizes 16 to 59 Bust

are designed by Frank L. Lippard and fashioned under his personal supervision—guaranteeing you the most wonderful and perfect garments in the world for STOUT WOMEN and Women Hard-to-Fit.

2,500 Garments to Select From

SUITS, \$25.00 to \$77.50
COATS, \$20 to \$89.50
DRESSES, \$15 to \$65.00
SKIRTS, \$6.98 to \$27.50
WAISTS, \$4.98 to \$27.50

It will pay you to get on the train, come to Cincinnati and visit OHIO'S GREATEST STORE for STOUT WOMEN AND WOMEN HARD-TO-FIT. You can also be fitted in Underwear, House Dresses, Bungalow Aprons, Petticoats, Hosiery, Sweaters, Wash Skirts, Wash Dresses, etc., up to 59 Bust.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Houses constructed entirely of salt are a unique feature of some of the villages in Russian Poland.

Montana sets the highest minimum age (16 years) at which a child is allowed to work.

Rengo Belt
Reducing
Corsets
Are Economical

No reducing corsets are so truly economical, so long-lived or so satisfying as these extra-strong garments.

The Rengo Belt feature of tailoring has become famous among medium and stout women, because it solves the problem of retaining shapeliness where the greatest strain comes over the abdomen and hips. Note the exclusive method of boning this portion of the garment, then wear one Rengo Belt model—you will find your first supreme corset satisfaction.

Models for every figure—some with steel elastic webbing for greater freedom—all with double watch spring boning.

Prices of Rengo Belt Corsets Range from \$2 to \$10
For Sale by **FRANK & CO.**

PLAUDIT, NOTED RACER AND SIRE DEAD.

Plaudit, winner of the Kentucky Derby in 1898, dropped dead after his daily gallop of four miles at Hamburg Place, near Lexington, last week.

The body was buried near those of the great race mares, Imp and Ida Pickwick, (granddam of Old Rosebud) and the wonderful trotting champion, Nancy Hanks.

Plaudit was foaled in 1895, the property of Dr. J. D. Neet, of Versailles, from whom John E. Madden bought him in the spring of 1897. In Madden's colors that year he won Nursery and Shampeon Stakes and defeated Ben Brush, then a four-year-old and the best handicap horse at that time in training at Brooklyn. The following year he won the Kentucky Derby, and was defeated for the Latonia Derby by Hand Or, to whom he was conceding much weight.

Madden sold Plaudit to William C. Whitney for \$25,000, and when his racing days were concluded brought him back and put him in the stud at Hamburg Place. He was the sire of King James, Bill Curtis, Plate Glass, Bringham, Casuarina, Cheerful and other good horses.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces to orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. (ap18-tf-F)

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. H. E. Foster is visiting Mrs. P. E. Wallingford, in Covington.

—Mrs. L. C. Miller, of Cleveland, Ohio, is a guest of her aunt, Miss Belle Mitchell, on Pleasant street.

—Miss Edith Whitridge left Wednesday for a protracted visit to relatives and friends in Eaton, Ohio.

—Mrs. C. A. Teller arrived yesterday from Chicago for a visit to her parents, Mr. and Mrs. I. L. Price, and family.

—Mrs. Alexander Anderson has returned to her home in Richmond after a visit to friends and relatives in this city.

—Mrs. I. B. Helburn, of Eminence, is a guest of her daughter, Mrs. Lawrence Price, and Mr. Price, at their home on Scott avenue.

—Mr. and Mrs. Wm. Tucker have returned to their home in Cowan, after a visit to the latter's aunt, Mrs. Thos. Farrow, in this city.

—Mrs. Ella Summers has returned to her home in this city after an extended visit to friends and relatives in Elizaville, in Fleming county.

—Miss Edith Stivers has returned from Ashland, where she has been teaching in the High School, and will spend the summer vacation in this city.

—Mr. Henry A. Power, president of the Power Grocery Co., attended the sessions this week of the Wholesale Grocers' Convention, held in Cincinnati.

—Miss Kate Alexander, of Paris, and Mrs. Clarence LeBus, of Lexington, have returned from a two-weeks' visit in New York City and other points in the East.

—Mr. and Mrs. William Shire spent several days in Cincinnati this week. Mr. Shire's sister, Miss Nettie Strauss, has been ill for some time, but is improving.

—Miss Grace McCord, who has a position with the Goodrich Rubber Co., in Akron, Ohio, is at home to spend the summer vacation with her parents, Mr. and Mrs. P. J. McCord, on Nineteenth street.

—Mr. and Mrs. Keith Phillips and little son have returned to their home in Atlanta, Georgia, after a visit to the latter's parents, Mr. and Mrs. James Douglass, at their home, corner of Main and Eleventh streets.

—Mr. A. S. Thompson has returned from a business and pleasure trip to Alabama. Mr. Alvin Thompson, who accompanied him on the trip, remained for a longer visit to his brother, Mr. G. C. Thompson, and Mrs. Thompson, at their home near Allentown, Alabama.

—Miss Eleanor Payne, little daughter of Mr. and Mrs. J. Walter Payne, underwent an operation for appendicitis at the Massie Memorial Hospital, in the city, Thursday night. The little girl stood the ordeal remarkably well. The operation was performed by Dr. Barrow, of Lexington, assisted by Drs. J. A. Gilkey and J. M. Williams, the case being an emergency one.

—Miss Lucy Simms was hostess yesterday at her home on Second street in honor of the following who compose a house-party being entertained by Dr. and Mrs. A. J. Alexander, at Spring Station:

Mr. and Mrs. J. W. Townley, Mr. and Mrs. Nyan Goodwin, Mr. and Mrs. Randolph Rogers, Webster Withers, of Kansas City, Mo., Allen Lee Weathers, of Chicago, A. J. A. Alexander, Charles Berryman, Dr. and Mrs. Samuel H. Halley and Nathan Elliott.

SUMMING UP THE EVIDENCE

Many Paris People Have Been Called As Witnesses.

Week after week has been published the testimony of Paris people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 50,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful, convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Paris case. Wm. W. Dudley, 1729 Cypress street, says: "Some years ago I found it necessary to use a kidney remedy and as I had read about Doan's Kidney Pills, I used them. They proved to be satisfactory and permanently rid me of the complaint. I have good reason to recommend Doan's Kidney Pills and advise their use to anyone troubled with a weak and lame back or irregular passages of the kidney secretions."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dudley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

FRANKFORT SUES THE NATIONAL GAS COMPANY.

Suit has been filed in the Franklin Circuit Court by the City of Frankfort to enjoin the Frankfort Natural Gas Company from raising the rate from 44 to 52 cents the thousand. The franchise provides a maximum of 52 cents. The company asserts that its original purpose was to charge 52 cents, but in order to charge the expense of installing pipes and meters with the consumers the rate was put down to 44 cents and this made known at the time the franchise was granted. The gas is contracted for on an annually increasing rate and it can not continue to furnish it at the old price. The city's contention is that the 52-cent rate was only to take care of emergencies.

NEW AUTO OWNERS.

The American Motor Company, of Lexington, sold and delivered last week to Mr. Richard Plunkett, of near Paris, a Monroe touring car.

"My dealer was right
—they do satisfy!"

There's more to a cigarette than "pleasing the taste." Other cigarettes, besides Chesterfields, can do that.

But Chesterfields do more—they begin where the rest of 'em stop! Because Chesterfields "touch the smoke-spot," they let you know you are smoking—they do SATISFY!

There you have it—SATISFY. It's all in the blend—a blend of fine selected TURKISH and DOMESTIC tobaccos. And the blend can't be copied.

That's why it's Chesterfields or nothing if you want this new thing in cigarette enjoyment.

MRS. R. G. STONER MAKES APPEAL FROM WILL DECISION

Mrs. Ida Hamilton Stoner, widow of the late Col. Robert G. Stoner, of Bourbon county, who has been residing in Mt. Sterling for several years, has filed in the Montgomery Circuit Court an appeal from the order of the Montgomery county court, probating the will of her brother, the late Col. A. W. Hamilton, involving an estate estimated to be worth about \$40,000.

The parties concerned are prominent and well-known throughout the Bluegrass section of the State. The case will doubtless attract widespread interest throughout Central Kentucky. Mrs. Stoner is represented by Messrs. Robert C. Talbott, of Paris, Robert Franklin, of Frankfort, and Roy G. Kern, of Mt. Sterling, while the executor of the estate will be represented by Judge Edward C. O'Rear, of Frankfort.

COTTONSEED MEAL.

8-11) CHAS. S. BRENT & BRO.

WANT NAME "KENTUCKY" FOR NEW BATTLESHIP.

At the State Convention of the Travelers' Association, Kentucky Division, held in the city of Henderson, Kentucky, it was moved by Mr. J. J. Blum, of Louisville, and seconded by Mr. Frank K. Yost, of Hopkinsville, and unanimously carried, to make the request of the Honorable Secretary of the Navy to retire the old battleship Kentucky, and to apply the name "Kentucky" to a new and modern battleship now building, or to be laid in the near future.

It was always a matter of pride to the people of Kentucky to have the name of their old and loyal State carried by a ship which was conspicuous in its day for service and marksmanship, as was the present "Kentucky," and now that the old ship has served her time, and is practically relegated to the back ground, it is generally felt that the Commonwealth should have a better representative to fly her flag and that of our Union.

DISABLED SOLDIERS ARE RECEIVING VOCATIONAL TRAINING

During the last three months 3,735 disabled soldiers in Ohio, Indiana and Kentucky applied for some form of vocational training to fit them for future usefulness, according to the latest monthly report to Congress made by the Federal Board for Vocational Education.

American Red Cross Service workers report that soldier boys in almost every city and town in the three States are studying some new profession or trade which will make it possible for them to earn in most cases more money than they were able to make before the war. In training the disabled men the Federal Board makes use of the schools nearest the soldier's home to supply the kind of education he desires. Everything from barbering to law is included in the category of studies Lake Division boys are taking.

SEE THE FIRELESS GAS RANGE.

Save fuel, food, time and have convenience, efficiency that is found in using the Chambers Fireless Gas Range. Let us show you the five good points.

(30-31) JOHN MERRINGER.

SWIMMING IN STARS.

In the course of a lecture given in February last, Prof. Oliver Lodge tried to make his audience understand how small are the ultimate particles into which matter is divided.

As most of us are aware, matter, whether air, water, iron or our own bodies, is composed of molecules, each of which is built up of atoms of various elements. The molecules of water, for instance, are made of two atoms of hydrogen combined with one of oxygen, and the chemical formula is therefore, H₂O.

The professor showed a small glass bulb, about the size of an egg spoon. "This," he said, "is full of air. Now, to give you some idea of the number of molecules in this small quantity of air, I will tell you that, if I could release the molecules at the rate of 1,000,000 a second, it would take about 5,000 years for them all to escape and leave the bulb empty.

But neither the molecule nor the atom are, so far as we know, the smallest particles in existence. Each atom is built up on "ions."

Built up is, perhaps, not quite the right phrase to use. We must imagine each atom as a little solar system of its own with these unimaginable tiny atoms whirling around one another in their appointed courses, just as the various members of our own solar system, the planets, the asteroids and the comets travel in their appointed courses around the center of the system, the sun.

So at every breath you draw, with every movement you make, you are disturbing countless millions of tiny solar system. You may be said to be breathing, moving, swimming in stars.

Spanish paper money bears the portraits of great literary men, painters, musicians, generals and other notables of the nation.

MATRIMONIAL.**ANNOUNCEMENT.**

Central Kentucky friends and relatives of the groom have heard with the greatest interest the news of the engagement of Mr. Clay Sutherland, of this city, to Miss Martha Frances Strode, one of Winchester's handsomest and most popular young women. The announcement was made Tuesday by Mr. and Mrs. Clayton Strode, of Winchester, parents of the bride-to-be. The marriage will take place in Winchester about the latter part of this month, the month of June brides.

Miss Strode is one of the most popular and attractive young society girls of the Clark county capital. She is an accomplished musician, and is organist at the First Baptist church in Winchester. She is a graduate of the Georgetown College, and is very popular throughout the Bluegrass region.

Mr. Sutherland is the son of Mrs. Fanniebell Sutherland, of this city, and is the popular traveling representative in Kentucky of the Swift & Co., interests. He is a graduate of the Millersburg Military Institute and of the University of Kentucky. He is known all through the territory he travels as one of the ablest and most popular of the Swift & Co.'s men. He is a musician of more than ordinary ability, and has a host of friends here and elsewhere who tender their hearty congratulations in advance of the happy event, which take him out of the ranks of bachelorhood.

ANNOUNCEMENT

Much interest has been occasioned here among the many close relatives of the bride-to-be by announcement from Lexington of the engagement of Miss Tabitha Chenault to Mr. John G. Stoll. A dispatch from Lexington told of the announcement as follows: An engagement that is of wide interest to Bluegrass society is that of Hon. John G. Stoll to Miss Tabitha Chenault, which was announced here Wednesday by the parents of the bride-to-be. Both are members of prominent and wealthy families and reside in this city. Mr. Stoll, besides representing the city of Lexington in the State Legislature, president of the Lexington Waterworks Company, the Phoenix Hotel Company and the Lexington Leader Company, and is perhaps the wealthiest citizen of Lexington. Miss Chenault is one of two charming daughters of Col. Overton Chenault, the widely known thoroughbred horseman, and former vice president of the Kentucky Racing Association, and is a sister of Mrs. James W. Thompson, of near Paris. The prospective bridegroom is a widower, his first wife having died about three years ago. While the date of the nuptials has not been given, it is understood that the wedding will take place in June.

PARKER—BRANNON.

Paris friends of the young people were agreeably surprised to learn Wednesday morning of the marriage in Lexington, Tuesday night of Mr. Paul Brannon and Miss Irene Parker, both of Paris.

The young people had been "sweethearts" for a long time. Without giving anyone a hint as to their intentions, they took the 5:15 interurban car to Lexington, Tuesday afternoon, secured license and were married shortly after by Magistrate Dodd, returning to Paris that same evening.

Mr. Brannon is the son of Mr. and Mrs. Barney J. Brannon, of Paris, and is at present a member of the Paris fire department. He had but recently returned from France, where he was stationed several months in the army service as a member of the Signal Corps in the American Expeditionary Force. Before his induction into the service he was a clerk in the yard office in the Louisville & Nashville South Paris yards. His bride is a handsome and very attractive young woman, a daughter of Mrs. Neal Parker, of Parrish avenue, in this city.

WOMEN FRANCE'S HOPE. NOT THE POLITICIANS.

France and all it means must be restored for the sake of civilization and it is the French women who must mainly do it, not the politicians, declares Ida M. Tarbell in the June number of the New Red Cross Magazine.

"Let the politicians do their best—or worst," the writer continues, "it is not they that will lift and save France. It has got to be done from the bottom, down where people live in love and labor. And it is the women who will play the chief part there. Their task in the peace which has come is not unlike that of the poets in the war that is past, they come to this work with the most terrible handicaps."

The handicaps, Miss Tarbell finds, are not merely the fact that France has been stripped of the flower of its manhood while thousands of others have come back from the war mutilated for life, but also include the problems of employment. Many of the women who went into munition plants will not return to their old work, some because they have been rendered unfit, some because they have succumbed to the innumerable lures of Paris, some because there is not work for them. There is the principle rub. But, concludes the writer, it is the handicaps which force them to their big task.

A soap boiler's shop was among the things discovered in the excavation at Pompeii several years ago. The city was buried beneath volcano ashes, A. D. 79.

It is estimated that in 1917 330,000 hides were disposed of at Tsinan, China. Japan consumed two-thirds of the hides produced.

RELIGIOUS.

The Christian Endeavor Society of the Paris Christian church will meet in the church parlors at seven o'clock Sunday night. The subject will be "Conditions Necessary For World-Peace." Leader D. Y. L. Farley. The young people give you a very cordial invitation to attend.

At the June meeting of the Mission Circle of the Christian church, held Tuesday in the church parlors, after the brief program and devotional exercises, the following officers were elected for the next term: Miss Helen Hutchcraft, president; Mrs. Charlie Wilmoth, vice president; Miss Lillie Williams, secretary; Mrs. Ollie Marshall, treasurer.

The revival meeting being conducted at the Paris Baptist church by Rev. Dr. B. B. Bailey, of Maysville, assisted by the pastor, Rev. R. C. Goldsmith, which began Monday night, is attracting large crowds at each service. The interest being manifested is encouraging. Services are held each afternoon and evening. The pastor extends a cordial invitation to all to attend.

The Anne Hasseldine Missionary Circle, of which Mrs. W. O. Hinton, is leader, one of the four circles of the Women's Missionary Society of the Baptist church, has pledged to support a missionary on the foreign field. The friends of the church and pastor will rejoice with them at this glorious forward step. The pastor closed the announcement with a challenge of fifty dollars toward the salary of another missionary. The challenge was met by one of the men with another hundred dollars. They are looking now for the other men who will meet the challenge.

The announcement was made at the services Tuesday evening. Revival services began last Sunday and will continue through two weeks. The meetings each afternoon and evening are growing in numbers and power. Dr. B. B. Bailey, of Maysville, is preaching splendid, powerful messages.

CHRISTIAN CHURCH CALENDAR.

Sunday, 9:30 a. m.—Bible School.
Sunday 10:45 a. m.—Morning service.
Sunday, 2:30 p. m.—Mission Band.
Sunday, 7:30 p. m.—Christian Endeavor.
Sunday, 8:00 p. m.—Evening Service.
Tuesday, 3:30 p. m.—Women's Society Meeting.
Wednesday, 8:00 p. m.—Prayer Meeting Service.
Friday, 7:30 p. m.—Choir Practice.

We are requested to state that the June meeting of the Women's Missionary Society, (the C. W. B. M.) will be held in the parlors of the Christian church, this (Friday) afternoon. A full attendance of the membership is requested.

IT PAYS TO ADVERTISE

Every once in a while it is demonstrated that it pays to advertise. The "lost" and "found" advertisements in THE NEWS are carrying out this statement to the fullest extent. A Paris lady wishing to lease a suite of rooms for light housekeeping placed a small advertisement in before 10 o'clock on the day of issue, before ten o'clock on the day it issue, the lady who secured them saying that she read the ad in THE NEWS early that morning, and proceeded to investigate. A valuable silk umbrella taken from the High School auditorium by mistake, was advertised in THE NEWS, with the result that it was restored to the owner the next day. Numerous instances might be cited of this character—but, suffice it to say, "It pays to advertise"—especially in THE NEWS.

SCHOOL EXAMS.

Final examinations for the Paris High School and the Paris City Schools, which began Saturday are still in progress, and will conclude the school term of 1918-19. Excellent grades have been made in all the departments under the supervision of Superintendent Lee Kirkpatrick. The closing term is one of the most successful enjoyed in the history of the school for years.

FIRST HEAT PROSTRATION

The first case of heat prostration reported during the present hot spell in Central Kentucky was that of Mr. Chas. P. Mann, of Paris. Mr. Mann, while in Lexington, Tuesday, on a business mission was overcome by the heat.

He was given first-aid attention, and later removed to his home in the Pinecrest Apartments, in this city, where he is rapidly improving.

WAR TROPHIES EXHIBITED.

A fine collection of war trophies, secured in France and Germany by Owen Gibson, of Paris, is on exhibition in the show window of L. Frank & Co. While war trophies at the present time attract little more than passing attention, this display is of more than ordinary interest. It comprises a large number of souvenirs, such as bayonets, shells, helmets, knapsacks, belts, etc., and all in all, is a most interesting display.

BANKERS MEET AT WINCHESTER

Groups Seven and Nine of the Kentucky Bankers' Association were guests of the city of Winchester, Wednesday, for a two-days' session. The meetings of the Associations are being held in the court house, and are largely attended.

H. C. Dale, president of Group Seven, cashier of the Deposit Bank, Eminence, called the session to order at 1 o'clock, which was followed by the invocation made by Rev. C. M. Thompson, of that city.

John E. Garner made the address of welcome. The response was made by J. E. Bassett, president of the Fayette National Bank, of Lexington. The address of S. R. Ewing, which followed that of Mr. Bassett, was full of interest to the banking fraternity.

It was noon when Group Seven completed its session, following which Group Nine went into session, called to order by A. A. Hazelrigg, of Mt. Sterling.

This was followed by an address of Rev. Dr. Charles W. Welch, of Louisville, who in a brief talk spoke on "Our Country at Peace." Following that there was a general discussion of banking affairs that touched upon every vital point pertaining to the laws of banking.

Among those attending the sessions were the following from Bourbon county: Mr. Wallace W. Mitchell, of the Farmers & Traders Bank, of Paris; Mr. Buckner Woodford, of the Bourbon-Agricultural Bank & Trust Co., of Paris; Mr. John F. McDaniel and Mrs. J. C. Leer, of the Exchange Bank, of Middlesburg; J. W. Jones, of the North Middletown Deposit Bank. The latter, at a meeting of the members of Group Seven, was elected a member of the Executive Committee.

GENTRY CIRCUS PLEASURES

The two performances given in Paris, Tuesday, by the Gentry Bros. Circus pleased large and appreciative audiences. The various acts were up-to-date and full of surprises. The show was a clean and well-managed one, and far better than in former years.

Hundreds of people waited patiently for several hours Tuesday morning for the street parade. It had been reported that on account of the extra license required for giving a circus parade this feature would be abandoned, but rumor proved false. The street exhibition was a very creditable one.

LAST DAY FOR FILING SUITS

To-day will be the last day for filing suits in the office of Circuit Clerk Wm. H. Webb for the June term of the Bourbon Circuit Court. The term of Court promises to be a very busy one, several suits of an interesting character being among those to be heard. The term will convene on Monday, June 16.

BARN BURNED.

A barn on Alvin Hicks' farm, on the Fords Mill pike, was destroyed by fire about noon Sunday. The barn contained a large quantity of feed and several sets of harness. Two small boys were seen playing in the barn a few hours before the fire was discovered, and it is suspected that the fire originated from matches lighted by the boys at play.

WHAT WE DO.

The Bourbon Building and Loan Association devotes its time and energies in doing just two things—receiving the savings and surplus money of thrifty people and investing those savings in first mortgages on real estate to other thrifty people to buy or build homes.

Join our new series, which opens to-morrow, June 7th.

H. A. POWER, President.

WILL S. ARNSPARGER, Sec'y.

ELECTRIC FANS — KEEP KOOL AND KOMFORTABLY

Largest shipment of Westinghouse electric fans ever brought to Paris has just been received. All sizes, styles and prices. See the small bed room fan—it is a comfort almost indispensable.

(3-tf)

HOT WEATHER HITS US.

Following the cool spell which had held Kentucky in its grasp for several weeks, there has succeeded an attack of real summer weather, with the mercury ascending in the tube until it has to be watched to keep it from boiling over. Since Saturday night there has been a succession of heat waves, bringing down much-needed sunshine for the farmers and the gardeners. The hot spell has caused a revival of the bathing industry, which became something of a fad for several years, and all the inviting-looking places along Stoner now have their quota of bathers, fair and otherwise. The heat was somewhat relieved late Wednesday afternoon by hard showers, which tended to cool the atmosphere.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. M. E. McCurdy has returned from a visit to relatives in Talladega, Ala.

—Mr. and Mrs. Douglas Clay have returned from a visit to Mrs. John A. Haldeman, in Louisville.

—Judge Chas. A. McMillan has returned from a trip to Allen and Barren counties, where he went on legal business.

—Miss Eleanor Payne, who was operated on at the Massie Memorial Hospital, Monday night, was reported yesterday as improving.

—Mrs. Lou Settles, who has been living in Paris for several years, has gone to Mt. Sterling to make her future home with relatives.

—Mr. E. E. Lawrence and Mr. J. D. Askins, who have been guests of friends in this city several days, have returned to their home in Ashland.

—Mr. John H. Keller, of Mt. Sterling, accompanied by his mother, Mrs. Jerre Keller, of Paris, has gone to Martinsville, Indiana, for a short stay.

—Mr. and Mrs. E. C. Cleveland have returned from a visit of several days to Mr. and Mrs. Clay Cleveland, who are now residing in their new home near Lexington.

—Rev. and Mrs. M. T. Chandler, who have been visiting their son, Mr. Taylor Chandler, and family, on Fifteenth street, have returned to their home in Richmond.

—Rev. Dr. B. F. Orr and daughter, Miss Ruth Orr, have returned from Winchester, where they attended the commencement exercises at the Kentucky Wesleyan College.

—Mr. G. Mudge, of New York City, was the guest of Miss Essie Saloshin, Tuesday. Mr. Mudge has recently returned from overseas, where he served with the Y. M. C. A.

—Mrs. Swift Champ is visiting Mrs. P. H. Lane, at Chestnut Hill, in Philadelphia. Mrs. Champ will before her return be a guest of Miss Augusta Glass, at Washington, D. C.

—Little Belle Brent Woodford, daughter of Mr. and Mrs. Buckner Woodford, who underwent an operation at the Vail Private Hospital, in Cincinnati, Tuesday, was reported yesterday as improving.

—Major Richard T. (Tal) Clark, of the U. S. Army Dental Corps, was a guest this week of his mother, Mrs. Kate Clark, on South Main street. Maj. Clark has been transferred to Washington City on special duty.

—Mrs. J. J. Rice has returned to Harrodsburg after a visit to Dr. and Mrs. J. T. Brown, on Cypress street. Mrs. Rice ordered THE NEWS sent to her new home saying it would be a most welcome visitor.

—Mr. and Mrs. George Clayton, former residents of Hutchison, this county, have gone to Battle Creek, Mich., for an indefinite stay. Mrs. Clayton will undergo medical treatment at the Battle Creek Sanitarium.

—Winchester Daily Democrat:—"Mr. and Mrs. Jack Hardin, of Paris, Ky., and Mrs. Walter Jackson, of Sidell, Ill., were the guests of Dr. and Mrs. John A. Snowden. They visited their mother, Mrs. Mansfield, who is ill at the Massie Memorial Hospital, at Paris."

—County Attorney D. D. Cline was in Georgetown, Wednesday, in attendance before Judge Robert L. Stout. Mr. Cline represented Bourbon county in the telephone injunction suit filed by the county against the Home Telephone Company and the Cumberland Telephone Company.

—Central Kentucky papers all have handsome complimentary references to Mr. Clay Sutherland, of Paris, whose engagement to Miss Martha Strode, of Winchester, has been announced. Mr. Sutherland's territory embraces many Central Kentucky towns, where he has firmly established lasting friendships.

—The State Federation of Women's Clubs is in session at Ashland this week. The Bourbon county clubs are represented by the following ladies: Mrs. Frank Lowry, Mrs. James McClure and Miss Elizabeth Grimes, members of the Paris Literary Club; Mrs. Fanniebell Sutherland, representing the City Federation of Clubs; Mrs. John T. Collins and Mrs. Allie Dickson, representing the North Middletown Women's Club.

—Mr. and Mrs. Brice Leech and little son, who spent the winter in Paris, where Mr. Leech was connected with the New Independent Tobacco Warehouse Co., have returned to their home in Glasgow, Ky. They were accompanied by Mrs. Robert M. Johnson, who will make them a visit. The party made the trip to Glasgow in the machine of Mr. John M. Sturgeon.

—Mt. Sterling Sentinel-Democrat:—"Mr. and Mrs. Buford R. Boone and little daughter, Elizabeth Gates, returned Monday from a visit to relatives in Paris and Winchester. Mr. and Mrs. Luther M. Redmon and children spent Monday in Paris with Robert Shay. Hon. and Mrs. John M. Brennan and Miss Elizabeth Embury motored over from Paris for Decoration Day."

—Cynthiana Democrat:—"Mrs. Ida Burgess is visiting her sister, Mrs. Julia Houston, and other relatives near Paris, this week. Miss Louise Berry has returned to Cynthiana, after being in Danville during the week-end and attending the alumnae banquet at K. C. W. She will have as her guests this week Misses Eleanor Long, of Sturgis, Ky.; Mina Wilson, of Waywick, Ky.; Lena Ryerson, of Louisville; Minnie Bramlette, Paris."

(Other Personal on Page 3.)

SOMETHING NEW.

Beautiful novelties for graduating gifts. (30-tf) THE A. J. WINTERS CO.

PHYSICIANS ADVISE BOILING OF DRINKING WATER.

Physicians state that the time of year is now at hand when it becomes advisable for users of hydrant water to boil all the water they use, whether for domestic or drinking purposes, as a matter of precaution. This is the advice given by the health departments of all the large cities.

This is done where the citizens use drinking and cooking water direct from the city water works system. It is also deemed advisable to have the water boiled that comes from cisterns which have not been cleaned for some time. Physicians say this is a preventative of typhoid fever, and they are supposed to know, you know. It is sure to come to the attention of the authorities of Paris sooner or later. Don't wait for the official proclamation, but as a health precaution, boil the water you drink.

THE BEST BUY!

The best buy—Greater Kentucky Petroleum Company stock. See page ad in this issue. (1t)

COUNTY GETS GOVERNMENT TRUCKS.

County Judge George Batterton was notified the first of the week that Bourbon county would be allotted two three-ton Federal trucks to be used in road construction on the county roads. County Road Engineer Ben Bedford went to Frankfort and secured two trucks, which have been placed in commission with the other road-building machinery of the county. One hundred and fifty-four of these Government trucks were allotted by the Government to the State of Kentucky for road work.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

NEEDED—A GUIDE ON CARS.

(Kansas City Times.)

A northeast car was moving on Grand avenue. At Fifteenth street a fuse was blown out. The motorman, who had no extra fuses, started to take a piece of tin from an advertisement frame in the car.

"Say," the conductor said, "if we were at Fifteenth street and Grand avenue, we could get a fuse at the office."

"You're at Fifteenth street and Grand avenue now," a switchman and passenger told the motorman.

"No, we're not, either," the motorman replied.

The switchman looked surprised. "What do you think about that?" he said.

The famous collection of butterflies belonging to Lord Rothschild is estimated to have cost not less than \$500,000.

LEADS WORDS TO ENFORCE TRUTH

Mrs. Sale Adds Her Testimony to Thousands Already Given

For Trutona

PADUCAH, KY., June 6.—Mrs. M. G. Sale, 64 years old, who lives at 408 South Fifth street, has been a resident of Paducah for the past 25 years. She is among the many who have found unhelped-for relief in Trutona and now declares that she wants to "add her testimony to the thousands already offered for Trutona."

"I suffered an attack of kidney trouble last January," Mrs. Sale said, "and for the past several months my system generally has been all run down. I was frequently annoyed by chills and my ankles often became swollen. My appetite was very poor."

"Trutona has given me remarkable relief. The swelling in my ankles has almost entirely disappeared. Why, yesterday I was on my feet all day, but my ankles didn't become swollen. My appetite has improved wonderfully. I get more enjoyment out of my meals now than I have for months past. In short, I feel 100 per cent better in every way now."

Trutona is now being introduced and explained in Paris at G. S. Varden & Son's. (adv)

A MAN AND HIS WIFE

may both derive satisfaction by having their worn and soiled garments cleaned by us. The cost is nominal, while the pleasure of wearing old clothes that have the appearance of new, in conjunction with the knowledge that you are effecting a great thing, must surely satisfy you. A phone brings us.

SENSIBLE ADVICE TO DEMOCRATS.

The Owensboro Messenger gives the following timely and sensible advice to the Democrats of the State, although the time is not quite ripe for saying just who shall be the Democratic standard-bearer, the Messenger's advice comes in very handy, and should be given consideration:

"It is well enough for Democrats to understand now that they must put up their best candidate for Governor in order to defeat Morrow in November. They must not nominate a trimmer or a pussy-footer. They must not nominate a political hack, or the creature of any faction or machine. They must nominate any man who has any old political barnacles hanging over him, or who is the apologist for past blunders or scandals. A man fresh from the people who has a perfect, unassailable personal and political record, who has no ties with any office-seeker parasites, who has some vision and forward-looking platform of his own, which he is able to defend from the stump, if nominated by the Democrats, with a clean lot of associates on the ticket, can easily win in November. Kentucky is a Democratic State and will readily elect a ticket this year. But the Democrats must make no mistakes."

THE NECESSITY OF DIGGING

An eminent engineer recently returned to Washington, after traversing on Government business of the western front. An one point he went over the battle area before the Army Salvage Corps had removed the signs of conflict.

"I saw pretty nearly everything there," he said. "Lots of rifles, bayonets, machine guns, helmets, soldier's packs, water bottles, and even handkerchiefs and socks—these things were all over the ground."

"I didn't want any of them. Because I'm an engineer, I'd set my heart on a trench shovel. I'd seen thousands of them back of the lines. I looked and looked, without finding one lying around loose. Wherever there was a shovel, the man who'd used it lay beside it."

"Then I understood. The soldier, dislodged from a position, might lose his pack, his extra clothing, even his rifle, in his escape, but he never let go of his shovel."

"He knew he had to have it, to dig himself in again."

War Savings Stamps are trench shovels for digging in against adversity.

CATARRHAL DEAFNESS CANNOT BE CURED

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give one hundred dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

FEDERAL "CONTROL"

Mr. Walker D. Hines, Director of Railways, has a way of breaking news gently. "The present unfavorable results naturally led to agitation of the question whether there ought to be an increase in rates," he says. Every twenty-four hours the railroads are registering a deficit of \$200,000, which is a good deal, whether calculated by the hour, minute, or year.

The Interstate Commerce Commission and the Newlands Joint Committee of Congress were making pretty good headway towards straightening out railway matters under private management before the Government took over the lines, and started raising rates and piling up deficits.

The Doherty News, representing one of the largest public utility concerns in the country, in commenting upon the commission plan, says that they "have been advantageous in one respect in particular, and that is in that they have been able to function in a more or less disinterested manner."

"Federal control," through "Government commissions" are confutable buffers operating between the utilities and the public. In their operation they have been quite successful because of their "disinterested" interests. Hence the success scored by "federal control" with private management through these branches of the public service.

SAVE THE HEATHEN.

It will interest country publishers to know that while the Methodist church is trying to raise several million dollars through the medium of free publicity in the country newspapers, the New York Times on May 19 published a half-page of paid advertising appeal for funds for the same cause. Free space to save the heathen is the latest innovation in the world of newspaper and publicity making. Can you beat it?

LAME BACK RELIEVED.

For a lame back apply Chamberlain's Liniment twice a day and massage the muscles of the back over the seat of pain thoroughly at each application.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jumper buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

TO REBUILD LEXINGTON PIKE

The Nicholas Fiscal Court entered an order requesting the State highway department and Federal government to co-operate with Nicholas county in work on the Maysville and Lexington pike. The road will, if all counties through which the Maysville and Lexington pike passes, co-operate in the movement, be treated with a coat of tarral and made one of the model roads of the State. Five miles leading from the Carlisle and Sharpshurg pike to Bourbon county line will be worked this year.

Call at THE BUSY BEE CASH STORE for key.

The prices will sell you the goods without a salesman.
(30may31st)

CALIFORNIA INVENTOR PERFECTS WONDERFUL SOUND TRANSMITTER

A man's voice can be heard as loud as the cannon's roar; it can be heard two or twenty miles. The ticking of a watch can be amplified until it sounds like breakers on an ocean cliff.

"It's no trick at all to magnify sound four or five million times, or indefinitely," said Tom Lambert, wireless telephone engineer. "All that is needful is to connect a number of vacuum valves in multiple with a wireless receiving set, and the thing is done. At the first receiving contact a voice will be normal. Cut in one vacuum valve and it is raised seven times; thereafter it squares itself—seven times seven to forty-nine for the next vacuum valve, and 49 times 49 for the next, and so on."

"I mean volume of sound, not power transmission," explained Lambert. "In a test recently, a phonograph was connected with an amplifier at midnight, and we were lifting it up gradually to supply all San Francisco with song and amusement, when the police urged us to desist."

"In the stadium at Golden Gate Park the ticking of a watch was made audible all over the grandstand while an athletic meet was in progress. Captain Robert W. A. Brewer, an experimenter, moved off 2,000 feet and spoke quietly to his dog, and the dog couldn't be held. A wireless station which I am not permitted to name, recently received a telephone message from Europe, and through its amplifier startled duck hunters in the marshes eight miles away."

Mr. Lambert exhibited one of the vacuum valves. Its exterior resembled an ordinary 16-candle electric light bulb. Through the glass, however, could be seen electric winding that was dissimilar. Around a filament was wound convolutions of wire called a "grid." Above the grid was an encircling metallic plate. The current, it was explained, passed through each in the order described. The incoming wireless signals travel down the aerial wire to the tuning set and then to the vacuum valve, which is a "detector," or receiver.

For practical purposes the vacuum valve has its use as in warships, where the wireless telephone speaks its message through a horn to several officers, instead of to one using earpieces. It can be availed of to address audiences.

The wireless telephone is wonderfully extending the field developed by the wireless telegraph. Any wireless telegraph receiving set is equally good for receiving telephone messages. The transmitting instruments, of course, are different.

Every airplane possessed by Uncle Sam and all United States warships are equipped with wireless telephone apparatus. These sets on warships are efficient at least twenty miles.

LEGION OF HONOR

The first decoration of the Legion of Honor, the famous French order of merit, were conferred in 1802 upon military and civil officers who had distinguished themselves under the Consulate. The order was founded May 19, 1802, by Napoleon, when he was First Consul.

It consisted of various grades, as grand crosses, grand officers, commanders, officers and legionaries, and was a reward for services or merit. The order was confirmed by Louis XVII, when the Bourbons were returned to the throne 105 years ago, and it has been continued, with necessary changes in the Constitution, through the reigns of Charles X., Louis Philippe, Napoleon III, and the second and third republics.

Many Americans and British subjects, and other foreigners, have received the decorations of the Legion of Honor, especially since the ending of the war. During the uprising of the Communists in 1871 the palace and officers of the Legion of Honor were burned, and among many of the French Socialists of to-day the order is regarded as snobbish and aristocratic.

MR. AND MRS. KENNETH ALEXANDER TO MARRY AGAIN

On June 10, Mr. and Mrs. Kenneth D. Alexander will be married in the apartment of Mrs. Alexander's mother, Mrs. Joseph King, at the Ansonia Hotel, in New York.

The civil ceremony was performed recently by a magistrate in New York, when the actress, Miss Mollie King, became the bride of Mr. Alexander. The religious ceremony will be performed by the Reverend Father Barry, of the Blessed Sacrament Church.

It is not known that Mr. and Mrs. Alexander will live in Kentucky, but they are expected during the summer to be the guests of Dr. and Mrs. A. J. A. Alexander, in Woodford county.

TERMS OF WILL DEFINED

In the publication of the will of Mrs. Fannie Hays, which was probated at Maysville some days ago, it was stated that \$1,000 was left to her nephews, Mr. Charles P. Cook, of Paris, Dr. G. A. Cook, of North Middletown, Dr. A. M. Cook, of Seranton, Pa., and Hays Cook, now in Germany, children of a deceased sister. It was supposed that the \$1,000 was to be divided between the five, but a letter from the executor states that the word "each" was omitted in the publication, and that each is to receive \$1,000.

CALLING MEETING OF THE STATE PRESS ASSOCIATION

The annual mid-summer meeting of the Kentucky Press Association will be held in Louisville, June 26, 27 and 28. The program will be announced later. The present officers of the association are D. M. Hutton, of the Harrodsburg Herald, President; B. F. Porgey, Ashland Independent, vice-president, and J. C. Alecock, Danville Messenger, secretary-treasurer.

Ethel Clayton IN "MAGGIE PEPPER"

Pepper's her name and pepper's her temper. That's the sort of saleslady Ethel Clayton shows you in this picture. She sells goods as natural as life, and can prink her hair and kid the cheap mashers. Gee, it's fine to see a girl who knows how to take care of herself, isn't it?

TO-MORROW, SATURDAY

TOM MOORE

IN

"A MAN AND HIS MONEY"

It is a comedy-drama of society life, with a background of polo matches, country clubs, fashionable drawing rooms and mountain lodges. By no means a light play in spite of its delicate character drawing and satire, "A Man and His Money" tells the story of a young man who is made aware of the futility of his life when his fiancée breaks their engagement.

MONDAY, JUNE 9th

MARY PICKFORD IN "RAGS"

When he first saw her she was fighting like a little wildcat. He loved her then and there for her "spunk," even though she was but an animated jumble of rags. Then he lost her, he thought forever. Years later he stepped through the doorway of his own palatial Eastern home and there, arrayed in the most fashionable creations of the Fifth Avenue modistes he saw—

Now don't be too sure. You may be wrong. It certainly is worth while to come and find out.

MILLERSBURG

—Mr. S. E. Bruce was in Vanceburg from Wednesday until to-day on business.

—Col. W. M. Layson continues about the same.

—Buy your candies at Caldwell's. Always fresh, and we have a good assortment.

—Mr. and Mrs. C. W. Howard, of Lexington, were guests of Mr. and Mrs. W. D. McIntyre, Wednesday.

—We still have some figs, the last on the market. They are in splendid condition.

R. M. CALDWELL.

—Miss Caroline McIntyre returned Wednesday from Randolph-Macon College, Virginia, where she has been attending school during the past year.

—Mr. Arthur Thomason, of Chicago, Ill., arrived Thursday as the guests of his parents, Mr. and Mrs. E. P. Thomason.

—Next Tuesday, June 10th, we will have a demonstration of the Detroit Vapor Stove, something new in the way of coal oil stove. Everyone invited.

A. S. BEST & CO.

—Mr. William Wright, Mrs. Lawrence Thorn, Mr. and Mrs. John Wright Mr. and Mrs. C. H. Jones and Miss Ruth McClintock attended the funeral of Mr. Albert Wright, at Lexington, Thursday afternoon. Mr. Wright was a brother of Mr. Wm. Wright.

—Mr. W. W. Shannon, whose automobile was stolen from him last week while in Louisville, received a telegram saying the machine had been located in Memphis, Tenn. Mr. Shannon went to Louisville, Wednesday afternoon, returning Thursday. The machine will be returned to him in a few days.

JOHNNY'S MANNERS.

Where the carefully trained child learns bad manners is a standing mystery to its watchful parents. These anxious rearers of the young are often heard propounding this query, but generally without result. Once in a while, however, out of the deep silence comes an illuminating answer.

Johnny furnished one just the other day. He had just finished a particularly toothsome dish of apple pudding, which he ate to the last morsel. Then, despite the fact that there was company at the table, he deliberately picked up his saucer and licked it clean.

"Johnny!" exclaimed his mother, after a horrified gasp. "Who did you ever see do a thing like that?"

"Dogs," replied Johnny.

The expenditures a year of the United States Reclamation Service are about \$8,000,000.

A COMPLICATED WATCH.

That the art of making complicated watches of high quality services in London, is shown by a clock and calendar watch which was recently submitted to the Kew tests, being the first watch of its class to be so submitted. In the first place, it strikes the hours and quarters in passing, though it can be made silent if desired, and in the second it is a minute repeater. In addition it has an elaborate calendar mechanism showing the name of the day of the week, the name of the month and the phases of the moon. The date of the month is indicated by a pointer moving day by day round a semi-circle; an account is taken of leap year, the mechanism being constructed on a four years' style; thus when the last day of the month is reached, be it the 28, 29, 30 or 31, the pointer flies back to 1. The watch, which was made by a London firm, has a free-sprung escapement with overcoil hairspring, and in the Kew tests it received 77.8 marks out of a possible 100, being awarded 29.8 (out of a possible 40) in respect of variation of daily rate, 30.1 (out of 40) in respect of change of rate with change of position, and 17.9 (out of 20) for temperature compensation. The dial measures just over 2 1/2 inches in diameter.

ORGANIZE A STAMP CLUB.

"Organize a stamp club in the city or town where you live! Take the initiative and call some of your philatelic chums together at your house," advises the Stamp Editor, Kent B. Stiles, in Boys' Life for May. "You will derive a lot of fun from it all and will add stamps to your collection by exchanging duplicates."

"For example, seven boys in the Jackson Heights section of Queens Borough, in New York City, met recently and formed the Jackson Heights Philatelic Society. They meet every fortnight and talk and trade stamps, and other boys in the community are joining, and the fathers who used to collect stamps—and one or two still collect—have taken an interest in the project. At the first meeting the stamp editor of Boys' Life was present by invitation; he brought along his collection of war stamps and addressed the Jackson Heights boys on these fascinating adhesives. Then officers were chosen, and a 50-cent initiation fee was decided upon, with dues fixed at 10 cents a meeting. This immediately provided a treasury to finance the purchase of a standard catalogue, hinges, watermark detector and other philatelic accessories and to subscribe to a philatelic weekly journal."

Possibly one reason for the censorship of the cables is to put a soft pedal on what the President thinks of those Republican Congressmen.

DEATHS.

ANDERSON.

—Mrs. Anna Letitia Anderson, aged eighty-one, died recently at home of her son, Mrs. Henry C. Anderson, at Dayton, Ohio. Mrs. Anderson was the widow of the late L. C. Anderson, of near North Middletown, who was formerly a member of the Bourbon Fiscal Court, and a well-known farmer of the North Middletown community. She is survived by three sons, Henry C. Anderson and Arthur F. Anderson, both of Dayton, Ohio, and P. S. Anderson, of Dover, Ky.

TALBOTT.

—The funeral of Miss Jennie Talbott, aged sixty-five, who died Tuesday morning in a Lexington hospital, where she had been under treatment for some time, was held from the residence of Miss Susie Horton, on Cypress street, with services conducted by Rev. W. E. Ellis. The burial followed on the family lot in the Paris Cemetery.

Miss Talbott was a daughter of the late Mr. Henry Talbott, of Little Rock, and was a sister of the late Gus Talbott, who for many years was connected with the Kentucky-Citizen office in Paris.

PERKINS.

—Mrs. Mary H. Perkins, widow of the late Mr. J. Harvey Perkins, died at her home in Lexington, Sunday night, after a short illness. The funeral was held at the family residence Tuesday morning at ten o'clock with services conducted by Rev. Mark Collis. The burial followed in the Lexington Cemetery.

Mrs. Perkins was a daughter of Benjamin Huffman, and was born and reared in Bourbon county. She was a woman of beautiful Christian character, whose friends were numbered by hundreds. Her life was devoted to her home and her family.

STEPHENS.

—William Bruce Stephens, aged nine, son of Mr. and Mrs. Bruce Stephens, of near Paris, died at the Massie Memorial Hospital, in this city, about 7:30 o'clock yesterday morning, after a short illness. The little fellow was brought from his home to the hospital late Wednesday night, suffering from an attack of appendicitis. The attending physicians postponed operating on account of his critical condition. Peritonitis following, death ensued early yesterday morning.

He is survived besides his parents, Bruce and Ida Stephens, by one sister, Mattie E. Stephens, and two brothers, Wesley and Lowell Thomas Stephens. The body will be taken to Salem, in Harrison county, to-night, for burial.

ARMSTRONG.

—Mrs. Lina Armstrong, aged thirty-six, wife of Mr. Marion Armstrong, pump-house engineer for the Louisville & Nashville Railroad Company, died suddenly at her home on Third street, Tuesday about noon. Mrs. Armstrong suffered an attack of pneumonia and Spanish influenza during the epidemic of the past fall and winter, and never quite fully recovered from the effects. The heart trouble which carried her off was one of the after-effects.

Besides her husband, she is survived by one small son, Stanley Dotson; her mother, Mrs. Lizzie Welburn, of Florida; three sisters, Mrs. Fannie Graves, of Lexington; Mrs. Sallie Radcliffe and Miss Lola Welburn, both of Lexington.

The funeral arrangements had been deferred until last night awaiting the arrival of Mrs. Armstrong's mother, from Tampa, Florida. The body will be taken to Lexington for burial probably to-day.

ARE CORSETS LUXURIES?

The question of whether corsets are underwear is not one to be decided hastily, it was said at the Bureau of Internal Revenue. The bureau has been asked for a ruling on the question by the National Dry Goods Association. Retail merchants throughout the country have been advised through their national organization to collect the new luxury tax on corsets costing more than \$5 until it can be determined whether corsets are a luxury or necessity. The tax will be refunded if the decision is adverse to the Government and favorable to the women.

One of the strangest things in this world is why a man would so much rather have a clean shave than that kind of teeth.

KNIGHTS OF PYTHIAS ELECT NEW OFFICERS.

The recent meeting of Rathbone Lodge Knights of Pythias, was one of the most interesting of that organization for many months. The Knight Rank was conferred on six candidates in the presence of probably the largest attendance the lodge has had for a long time.

After the work by the degree team, the election of officers took place, resulting in the following selections being made:

Chancellor Commander, Walter Blythe; Vice Chancellor, Roscoe Carmichael; Prelate, Sello Wollstein; Master-at-Arms, Thos. Harp; Master-of-Work, Louis Wollstein; Keeper of Record and Seal, B. R. Dickerson; Master of Finance, John K. Cahal; Master of Exchequer, P. J. McCord; Inner Guard, B. C. Carmichael; Outside Guard, C. W. Fothergill.

The wives, daughters, sisters and sweethearts will accompany the Knights of Pythias on their all-day outing to the Pythian Home, at Lexington, some day this month. The program will be announced later.

BUYS NEW INTERESTS.

Mr. Alex Mellinger, formerly of Paris, where he was employed as engineer on the Louisville & Nashville railroad, has purchased the business of the Richmond Bottling Works of Mr. Emil Lerisch, and will conduct it in the future. Mr. Mellinger some time ago sold out his interest in the Richmond Hotel. He and his family are pleasantly remembered by Paris people. During their residence here they resided in a cottage in the Thornton Division.

NOTES FROM THE Y. M. C. A.

Mrs. Hiram Roseberry, leader of Girl Scouts, has perfected arrangements with the officials of the Y. M. C. A. by which the members of that organization will be enabled to use the Y for a meeting place every Saturday afternoon.

With the coming of warm weather the swimming pool at the Y is again becoming the Mecca for many Paris people and a large number is in attendance each day. Swimming classes have been inaugurated for beginners, with competent instructors in charge.

Mr. T. K. Smith, who has been away from Paris for some time, has returned, and has accepted the position of physical instructor in the local Y. M. C. A. for the summer months. He was formerly employed in the same capacity at the Y, but last fall resigned to take a professorship in the Millersburg Military Institute. He will continue to make his home in Millersburg, coming to Paris each day.

More than fifty Boy Scouts were present at the illustrated lecture given at the Y Friday night by Mr. E. B. Donaldson, Y. M. C. A. District Secretary. His subject was "Life At Camp Daniel Boone." Before the lecture a meeting of the Boy Scouts was held and it decided to resume the activities started last summer, with Mr. T. K. Smith as leader.

PARIS HIGH SCHOOL COMMENCEMENT EXERCISES.

The baccalaureate sermon to the graduating class of 1919 of the Paris High School will be delivered to the members of the class at the Presbyterian church on Sunday, June 8, by Rev. Dr. Cotton, of the Louisville Presbyterian Theological Seminary, at eleven o'clock, a. m. On Thursday night, June 12, at the High School Auditorium, Dr. John Leonard, of the Georgetown College, will deliver the address to the graduating class, at eight o'clock. The annual reception by the Junior Class to the seniors will be given on Monday night, June 9, in the gymnasium. Class Day exercises will be held in the auditorium on Tuesday night at eight o'clock.

A BEAUTIFUL STOCK.

Our stock of graduating gifts is complete.

(30-1t)

THE A. J. WINTERS CO.

TO REGULATE AUTO PARKING.

In a card to the general public Mayor E. B. January deprecates the non-observance of the automobile parking ordinance, and offers a number of valuable suggestions. He declares that if those who drive machines will do in Paris as they do when they go to Lexington and other cities, we will have no trouble, and if from this time you don't find your machine where you left it you will find it at the proper place, "as I shall instruct the police to comply with this request, subject to a suspension."

There is no question of the daily violation of the city ordinances regarding machines. THE NEWS can recall a large number of instances where auto drivers have left their machines standing in front of this office for hours at a time, and often with the engines running. On one occasion two big autos that had been left standing in front of the office for several hours had to be pushed away so that a delivery of news print paper intended for the office could be made by the transfer company.

CLARKE & YOUNG.

SCHOOL CENSUS FIGURES

According to information given out by County Superintendent of Schools J. B. Caywood, the 1919 public school census of Bourbon county, as compared to that of the last year, shows a net gain of 259 pupils between the ages of six and eighteen years, divided as follows: White, 2,264; negroes, 891. The 1918 census totaled, white, 1,996; negroes, 900, a net gain of 250 white children and nine negro children. The city census for 1919 shows 948 white children and 304 negro children. This is a net gain of fifty, consisting of 38 whites and 11 negroes. The increase in the county is due to the incoming families from other counties as a result of the sub-division of a large number of farms into smaller tracts.

The State Board of Education had estimated that there would be a falling off of 116 in the county, but gave the County Board of Education permission to take the school census at its own expense. If the school per capita remains the same as last year Bourbon county will have gained \$1,698.75, less the cost of taking the school census, which amounted to \$157.75.

ANNUAL CONFERENCE WILL PROBABLY BE HELD HERE

It had been planned to hold the annual meeting of the Kentucky Conference, M. E. Church, South, in Winchester, but owing to the delay in the completion of the new Methodist church there, this will be impossible.

It is probable the conference will be held in Paris or Mt. Sterling. A fund has been provided for the entertainment of the visitors. A place of meeting will be decided upon by a committee, which is composed of George E. Tomlinson, of Winchester, W. O. Sadler, of Covington, and W. W. Ball, of Maysville.

The committee will meet during the commencement exercises of Kentucky Wesleyan College and will then be prepared to receive invitations for the conference.

The conference meets on September 3. Bishop Deany, of Richmond, Va., will preside.

SHIRE & FITHIAN.

PROMINENT WORKER IN CHARGE OF SALVATION ARMY CAMPAIGN

Miss Anne Coushaine, of New York City, newspaper woman, magazine writer, director of war work campaigns for the government, who has raised more than a hundred million dollars for hospital, college and war work, has been placed in charge of the Bluegrass section of the Home Service Fund Campaign for the Salvation Army by Colonel I. Sobel, State Director. Since April, 1917, Miss Coushaine has conducted campaigns for the War Department's Commission on Training Camp Activities in North and South Dakota, Nebraska, New Jersey, Missouri, Iowa, Minnesota, District of Columbia, North and South Carolina, Virginia, Delaware and Maryland. She was the only woman campaign director so employed and is the only woman director of the Salvation Army work.

Miss Coushaine is tremendously enthusiastic over the Bluegrass and its people, and greatly pleased with the appreciation of the work of the Salvation Army lassies among the soldiers in the field in Europe. "I have met with the most charming courtesy," said Miss Coushaine, "in every county I have visited and have been given the finest co-operation on the part of the most prominent people in these counties. Especially are the fraternal societies showing their friendliness to our work, many of them giving us warm endorsement and some of them actually organizing to aid us in the campaign, which will start in this section June 23 and end June 30."

SHE, TOO?

William J. Burnes, the noted detective, said in a Scranton lecture: "To a well-trained detective every incident is pregnant with significance—yes, every incident is as full of meaning as—well, I am reminded of a story:

"A young man sat in a parlor alone. To him a beautiful girl entered. Thereupon the young man arose, took six cigars from his upper waistcoat pocket, laid them carefully on the piano, and then advanced toward the girl passionately, his arms outstretched.

"But the girl drew back. 'You have loved before,' she said."

PROPERTIES

1. 38 Acres in Barren County
Near the Winlock wells.
2. 20 Acres in Allen County
Two miles south of Scottsville, between Boxtown wells and Dalton pool.
3. 1-30 Interest in McReynolds 20-Acre Lease
In Allen county, in the famous McReynolds pool. Four wells now drilled and tanks erected. Now pumping oil. Fifth well now drilling and offsetting 150-barrel well.
4. 87 1-4 Acre Lease, Knox County, Texas
7 1-4 Acres of this territory offsets a well now drilling and down over 2,000 feet.

Allen County, A Paradise For "Poor Oil Operators"

(From Louisville Herald, April 17, 1919)

By B. W. GRATZER.

First it was Estill, then later Lee that sent the Kentucky oil boom a sizzling. Now it is Allen. At least it is Allen County for the oil men of moderate means who wish to lease some property and "dig a hole." For it costs less to drill a well and operate a lease in Allen County than any of the oil producing counties of Kentucky. This is not merely a guess, or brought out by careful compilation of costs and expenditures that go hand in hand with the oil development, but the cost of operating in Allen County is so much cheaper than other counties of Kentucky, that right now it is drawing more new operators than even in Lee, the end of the Kentucky oil prospector's rainbow.

"There are more drills in Allen County right now than any other county in the State," said a Louisville oil man recently after returning from a tour of inspection of Allen County in search of a suitable lease for his company. There is a reason for this condition. Oil men of experience state without hesitation that a well can be drilled in Allen County for \$1,200, while in other oil producing districts the cost can easily run to \$5,000 or more if roads are bad and one of the many oil mishaps sets itself in the path of the drill. Water is plentiful in Allen County, which is another factor highly favoring the prospector. In the Eastern oil section of the State, quite frequently during the hot summer months operations ceased on some of the biggest leases because of water shortage.

BARREN AND WARREN, TOO.

Barren and Warren counties, two of the latest comers in the Kentucky oil boom, are sharing the popularity of Allen County as cheap operating districts. In Barren and Warren counties there is much excitement at this time, not only because it costs little to operate there, but because the percentage of dry holes run around only 10 per cent. which is an exceedingly low average.

At the rate new drills are being set up in Allen, Warren and Barren counties, Western Kentucky bids fair to become the center of oil activity in Kentucky this summer, unless another Lee county springs up in the vast possible oil areas that so far have not been scratched by the drill.

IS OPEN COUNTRY

Allen County terrain is the oil man's delight. It is an open country and promises a long life for oil production as it is gotten under a limestone formation. In drilling a well in Allen, casing pipe, which is always a thorn in the driller's side because of so many things that can happen to it and ruin the well, is almost unnecessary. It never requires more than 60 feet of casing for an Allen county well, and this is merely to keep surface waters out of the well as the drill goes down to the limestone formation.

The Gainesville pool is the heart of the Allen County field as tested out to date. A drill put down within the limits of this pool is sure to get oil in paying quantities. Production is spreading from the Gainesville Pool toward Half Way and Allen Springs, several good wells and domes being found in the vicinity of the latter places indicating the good structure of the Gainesville Pool extends farther than is generally believed. Allen is strictly a "dome field," but it is just this feature that makes it possible to drill into oil in almost any section of the county. The productive area is not limited to certain localities as much as it is in Lee, Estill and other Eastern Kentucky counties.

LEASES HELD HIGH

The property owners of Allen, Barren and Warren counties are wide awake. They know what they have and no better proof of this is seen than the prices they demand for leases. Wild cat territory, where oil production is only a chance, is selling for \$150 an acre. The same land would have sold for \$1.00 an acre before oil was found. The leases are much higher in proportion to the other oil producing counties, but this is as it should be, for none other offers the easy development of Allen County.

The oil man or oil company holding a lease on Allen County property does not have to spend a fortune in developing it, or sinking a test well to ascertain just what he has bought. This in itself, is enough to make it certain the bulk of summer development in Kentucky will center in the western counties of Allen, Warren and Barren.

A Company Organized to Develop Properties in the Great Fields of Western Kentucky

Oil is struck in Allen County at a depth of 250 feet, and by running two shifts a well can be brought in within a week's time.

The cost of putting down a well in this field is only a fraction of what it costs to drill a well in Lee and Estill Counties:

Wells are struck in Allen with a flow of 5 to 500 barrels per day, and the percentage of dry holes is said to be only about one in ten.

We are out to get the oil. Join us now, before the present allotment of stock is subscribed.

GET IN NOW AT 10 CENTS
